

# KUROKI TELLS OF SKIRMISHES

Forces Russian Soldiers to Retreat Before the Steady Advance of His Troops.

## KOUROPATKIN REFUSES TO AID

Admiral Alexiff's Urgent Demand for Assistance Is Coolly Met, and Little Notice Paid to It by Rival Russian Leader.

[Special by Scripps-McLae.]  
Tokio, June 11.—Gen. Kuroki has begun a general advance on the Russian position at Liao Yang with all his forces. He is co-operating with the army landed at Takushan and has driven the Russians out of Su Yen on his left flank and from Salimatzu on the northeast of Fen Wang Chen on his right. There has been some fighting with small losses on both sides. The skirmishing is believed to be preliminary to a general attack on the Russian position.

The Japanese commanders are determined that under no circumstances shall Gen. Kuropatkin be permitted to go to the aid of Port Arthur or to make any determined effort to raise the siege of the Russian stronghold unless he is in a position to fight and defeat the army under Gen. Kuroki.

The Japanese commanders are determined to intercept his march to the south. If it is undertaken, between 150,000 and 175,000 men (and this number can be increased if necessary by not less than 30,000 men from Ota's command without lessening his hold on Port Arthur) will seek to stop the advance. It is confidently believed here that Kuropatkin will either be defeated in a general engagement or compelled to withdraw his army to the north of Liao Yang within the next week or ten days.

**Predicts Fall**  
New York, June 11.—"Port Arthur will fall within a fortnight," predicted Capt. Kamatsui of the faculty of the Japanese Naval college as he left the Cedric, which came into port today.

"The Japanese have proceeded slowly in the attack upon Port Arthur and are about ready to make the final effective onslaught. Port Arthur is the strongest fortified place in the world, but the Japanese will successfully storm it. I do not think there is any intention to starve the garrison. It would take too long."

"The plan, as I understand it, is to make a quick, strong assault before which the Russians must fall."

"We are very well satisfied with the showing made by the navy, and the war department is not disappointed in the army, either. I don't think anyone will have the hardihood to say hereafter Japan is not a nation of fighters."

Capt. Kamatsui is here on a secret mission to Washington and expects soon to return to Japan.

**Kuroki Tells of Skirmishes**  
Tokio, June 11.—Japanese armies are advancing in force on Liaoyang by four roads. The Russians are retreating at all points.

Japanese troops have occupied Su-yen, and are pursuing the Russians along the road to Hsicheng, toward Tomucheng. The Japanese also have occupied Salimatzu, north of Fens-wangcheng.

So far, in the various skirmishes the Japanese have lost ten killed and seventy-two wounded. The Russians left many dead on the field.

Gen. Kuroki reports that a detachment of Japanese troops on Tuesday routed a battalion of Russian infantry with two guns at Hsicheng, the Japanese losing three men killed and

twenty-four wounded. The Japanese captured two officers and five men. The Russians left on the field twenty-three men dead or wounded and probably lost seventy men.

**Many Minor Skirmishes.**  
A Japanese detachment dispatched in the direction of Tungyuanpu repulsed sixty or seventy of the enemy's infantry at Linchuan on Monday and on Tuesday encountered six companies of Russian infantry and 300 cavalry at Chanchihshih.

After a two hours' engagement the Japanese drove the Russians off in the direction of Tungyuanpu. The Russian casualties were seventy or eighty killed or wounded. The Japanese lost four men killed and sixteen men wounded.

On Wednesday a Japanese detachment co-operating with another detachment from the force landed at Takushan encountered a Russian force of 4,000 cavalry, with six guns, near Su-yen, and drove them back towards Tomucheng and Ksicheng, losing thirteen killed and two officers and twenty-eight men wounded.

**Gloom in St. Petersburg.**

St. Petersburg, June 11.—A dispatch from St. Petersburg says that extreme pessimism was shown in certain circles, due to a telegram from Admiral Alexiff drawing a gloomy picture of the situation at Port Arthur. He again urged the czar to order Gen. Kuropatkin to march to the rescue of the fortress. Gen. Kuropatkin has refused to do so, asserting that Port Arthur can hold out for two months at least. He said he is receiving troops daily and would be able to act energetically by July 15.

**Tells of Jap Plans.**

The Matin prints an interview had in London with M. Suwayatsu, ex-Japanese minister, who said regarding Port Arthur:

"The fortress is besieged by about 100,000 Japanese, while the defenders number about 20,000. Doubtless its capture will cost dearly, but that is inevitable. News of the capitulation of the fortress will come soon."

If the Japanese take Port Arthur and defeat Gen. Kuropatkin at Liaoyang, continued the ex-minister, they certainly would march north. He would not say they would go as far as Harbin. That is a long way.

They would not fortify Mukden, but would occupy a strategic position a short distance to the north. The Japanese certainly would go to Vladivostok.

**Battled Fleet to Fight.**

St. Petersburg, June 11.—It is believed that when the fall of Port Arthur becomes imminent the fleet will make a dash from the harbor. After the Japanese fleet has been engaged the uninjured Russian ships will try to effect a junction with the Vladivostok squadron. The attempt may occur at the first favorable opportunity. The squadron is useless for the defense of Port Arthur, while it preserves entire or in major portion, even the fall of Port Arthur would be robbed of much of its importance.

## A CHICAGO COUPLE WERE WEDDED HERE

Charles Hadmen, a Broker, and Lucie Whitford Married by Rev. Vaughan This Afternoon.

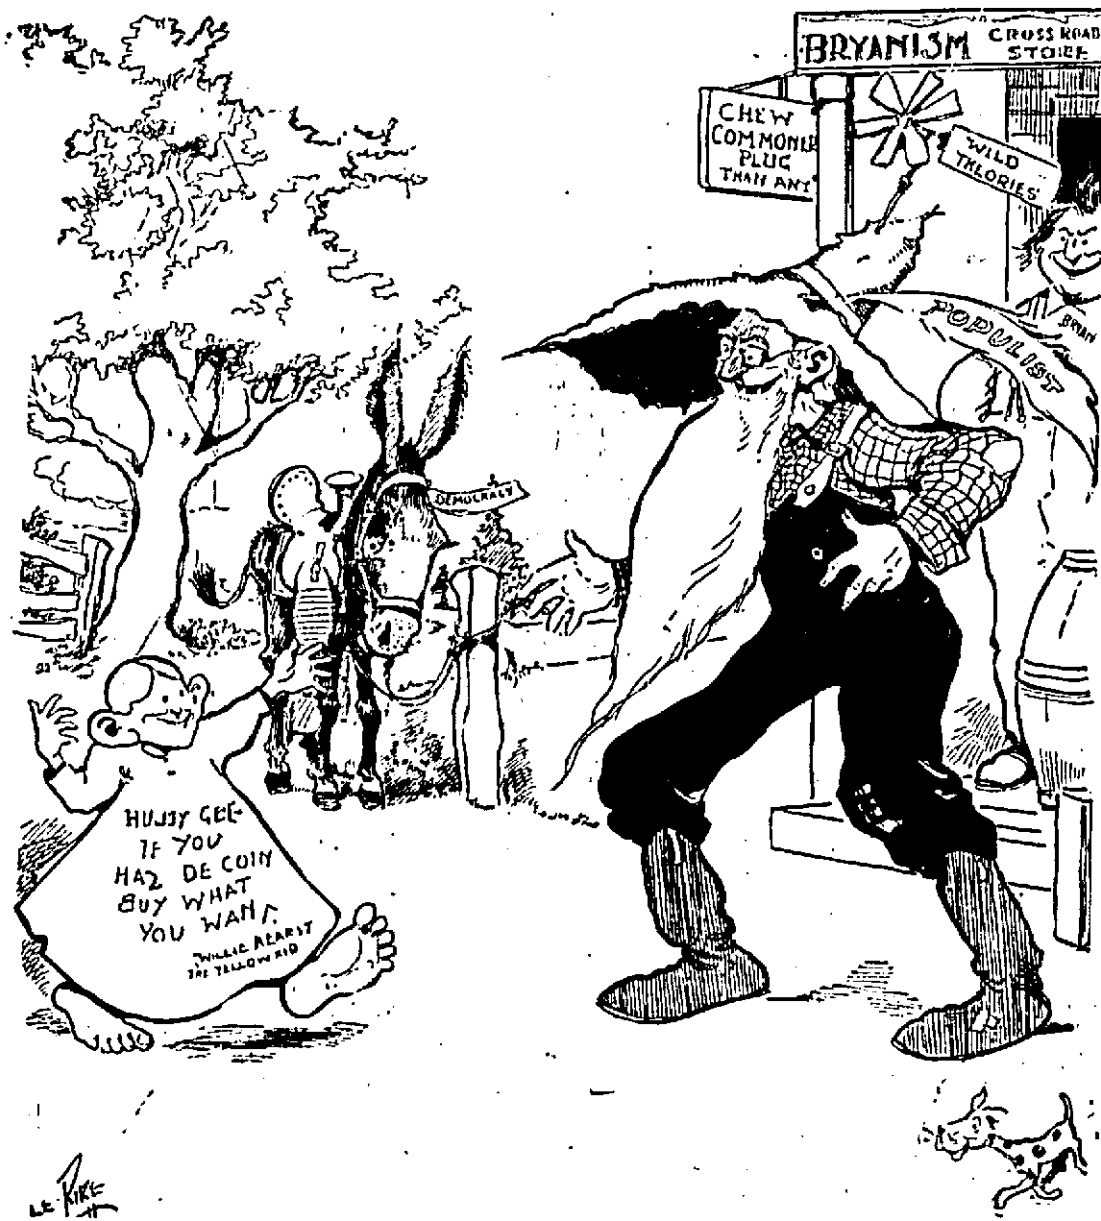

Charles Hadmen, a broker and shipper at 116 South Water street, Chicago, and Lucie Whitford were married by Rev. Vaughan at the parsonage about two o'clock this afternoon. They arrived in Janesville on the noon train and the groom at once proceeded to go through the necessary preliminaries for getting a marriage license. The groom is fifty-five and the bride fifty-three years of age.

**Went to Koshkonong**

They went to Lake Koshkonong on their honeymoon trip. Mr. Hadmen, who is an enthusiastic sportsman and president of a hunters' club in Indiana, expects to build a cottage at Lake Koshkonong if he likes the locality.

**Others to Wed**  
Marriage licenses have been issued recently to Fred B. Weaver and Ethel B. Kemmerer, both of Clinton; Sigward W. Harvey of Chicago and Lillian B. Rotherham of Janesville; Charles H. Smith and Mary G. Burns, both of Beloit; David Bert Clark and Ina Gibson, both of Janesville; Harry Hill and Selma Buchholz, both of Janesville.

An American named Symons is reported to have been assassinated by Cubans on a plantation near Puerto Principe.

## LEFT LA FOLLETTE OFF THE PROGRAM

Governor is Not on the List of Speakers of the State G. A. R. Encampment.

[Special to The Gazette.]  
Madison, Wis., June 11.—According to the information given out by the committee of arrangements for the G. A. R. encampment June 14-16, Governor La Follette has been entirely omitted from the program. Political significance is given the apparently designed omission of the governor from the program of speeches on account of the state affair, it being an annual encampment of the Grand Army as a reunion of various regiments to whom the chief executive might be reasonably expected to extend a welcome.

## SPARKS FROM THE WIRES

[Special by Scripps-McLae.]  
Paris, June 11.—Four thousand bakers voted today to strike on June 18.

## ABNER M'KINLEY DIED SUDDENLY

Brother of the Dead President Was Found Dead Sitting in His Chair.

[Special by Scripps-McLae.]  
McKeesport, Pa., June 11.—Abner McKinley, the only brother of the late President McKinley, was found dead sitting in his chair at his summer home in Somerset, at eight this morning, death being caused by bright's disease. He was born in Canton, where he practiced law until 1897, when he removed to New York to engage in the same business. He was a member of the Union League Club and lawyers clubs of New York.

He retired last night in exceptionally good spirits. This morning he failed to appear at the usual hour and his wife went to his room and found him dead, seated in a chair. He had been in ill health for about a year.

[Special by Scripps-McLae.]  
New York, June 11.—President Mitchell of the United Mine Workers, sailed on the St. Paul this morning for Europe as a delegate of the International Mining Congress in Paris, in August. He will investigate the industrial conditions of the leading countries of Europe.

## IMPORTANT POINT OF LAW SETTLED

The Supreme Court Decides the Suit of Wayburn and Briggs Co. vs. Bemis.

One of the decisions of the supreme court Friday which is of national importance is the findings of the court in the case of the Wayburn and Briggs Company vs. D. D. Bemis. The plaintiff, a foreign corporation sued D. D. Bemis upon a note given in 1893. In the spring of 1894 Bemis left the state and did not return until the fall of 1902. The circuit court held that this note was outlawed upon the face of it. The plaintiff contended that the time of the defendant's absence from the state should not be counted. This the circuit court conceded was correct if the plaintiff was a resident of the state of Wisconsin, but as the plaintiff was a foreign corporation the court held that the doors of the tribunal were not open to such stale demands. The supreme court was of the opinion that the judgment dismissing the plaintiff's complaint should be reversed and the cause remanded with directions to enter judgment for the plaintiff in accordance with the prayer of the complaint. E. D. McGowan and Stanley D. Tallman appeared for the plaintiff company and Fethers, Jeffris & Mount, for the defendant.

## EARL GREY MAY COME TO CANADA AS GOV. GENERAL

Will Succeed the Earl of Mike in This Exalted Position.

[Special by Scripps-McLae.]  
London, June 11.—It is announced today that Earl Grey, lord lieutenant of Northumberland, will succeed Earl of Mike as governor general of Canada.

## AUTOS MUST NOT GO TOO FAST NOW

Madison Common Council Passes an Ordinance Which Restricts Their Speed.

[Special to The Gazette.]  
Madison, Wis., June 11.—Madison's common council took a decided stand against what was alleged to be the danger to life and limb occasioned by the speed of the numerous automobiles operated by wealthy residents of the city. An ordinance was introduced requiring the owners of these machines to procure licenses and display the numbers thereof in bold letters on both sides of the vehicles and to limit the speed thereof to four miles per hour within the city limits. A penalty of \$50 is to be imposed on violators of the law.

## EXPLOSION DOWN IN A GAS MAIN

Four Killed and Many Injured by the Sudden Blowing Up of a Big Intersecting Sewer.

[Special by Scripps-McLae.]  
Chicago, June 11.—Four are known to be killed and several missing as the result of an explosion of the great intersecting sewer at Halsted and Thirty-ninth streets at ten this morning. The dead are Guy Miller, more, engineer; John Wrenn, Matthew Miller and George Cunningham. The explosion was caused by gas. The terrific force blew off manholes for blocks around and demolished a frame house near the scene. Fifty men were working in a tunnel thirty feet below the surface. Rescue parties are at work.

## STATE NOTES

The Reedsburg high school will graduate a class of fourteen this evening.

Seventy applicants for the position of superintendent of Racine schools have been rejected by the committee. Mrs. J. M. Miller, wife of the manager of the Coleman Lake clubhouse, near Wausaukee, committed suicide on Friday by throwing herself into the lake, having become despondent over illness.

Mr. and Mrs. John P. Runkel, well known residents of Wheatland, Kenosha county, will celebrate the fortieth anniversary of their marriage at their home in the town of Burlington.

The 13 year old son of Mr. Wilkes, living near Pleasant Point, was run over by horses frightened by an automobile owned by Mrs. Edward Morris of Chicago at Green Lake and died in a few hours.

A herd of sixty thoroughbred cattle owned by Peter Fredson, a farmer in charge of the big Lathin & Rand farm in Pleasant Prairie, Kenosha county, were poisoned by eating soda, which had been used in the manufacture of gunpowder.

The annual reunion of the Fourteenth Wisconsin Volunteer Infantry association at Fond du Lac closed with the election of Capt. F. H. Magleburg of Milwaukee as president, R. A. Spink of Oaksholt at secretary, and John D. Coon of Fond du Lac as treasurer.

Farmers at Mount Pleasant, Racine county, are up in arms against a sidetrack being abolished at Grafton, where they formerly shipped from, threatening to raise \$5,000 as an inducement to the Milwaukee Electric railway company to run a line to Grafton.

# HANNAH ELIAS IS NOW SET FREE

Aged Millionaire Fails to Sustain Criminal Charge of Blackmail Against Her.

## DID NOT FEAR THE WOMAN AT ALL

Mr. Platt So Testifies—Says He Did Not Pay Her Honey Because He Was Afraid She Would Tell His Family.

[Special by Scripps-McLae.]  
New York, June 11.—The ending for the time being at least of one of the most sensational of recent cases in New York came Friday afternoon when Hannah Elias was freed from the criminal charge of having obtained nearly \$700,000 from aged John H. Platt by threats of blackmail.

Immediately after her dismissal in the criminal case Mrs. Elias was re-arrested on a writ in the civil suit originally brought against her by Mr. Platt to recover \$585,000. She was released a few minutes later on \$20,000 bail.

Utterly and pitifully the aged man collapsed when the time came for him to substantiate the charges he made against the negress. His memory was faulty on nearly every vital point in the case, and again and again he contradicted himself when, to uphold his case, it was necessary he should firmly stand upon the charges made in the affidavit on which the negress' arrest was ordered.

## Prosecution Drops the Case.

Finally, after an hour and a half, during which Platt and his attorney, Lyman E. Warren, were the only witnesses called, Assistant District Attorney Rand washed his hands of the whole affair.

"Your honor, I think the parties to this miserable scandal ought to be allowed to stew in their own grease. There is no evidence before you that will possibly serve to hold this woman on a charge of extortion. I recommend that she be discharged," were his last words, just previous to the formal dismissal of the complaint against Mrs. Elias.

As he sat in the witness chair the aged man faced the negress, who looked steadily in the eye, and herself maintained a composure which aroused admiration. Much of the time it seemed to be impossible for him to take his eyes from her face. Several times it was apparent he made a supreme effort to turn his eyes away, but a moment later they would return to her. He seemed like one fascinated.

**Aged Man Is a Wreck.**  
What the comparatively few persons who were admitted at the special session in the courtroom of the criminal court building saw was a weak and helpless old man, who could not even remember the day of the month, who never fastened the charge of blackmail on the woman he accused further than to say he had made some payments to her "to avoid trouble."

Pressed for a more definite answer, the best he could do was to say that "Trouble was a general term." He failed in every particular not only to substantiate his charges of blackmail, but he even failed to make any such charges when the question was bluntly put to him.

Had pity not been uppermost in the minds of those who heard him, these failures would many times have brought smiles of derision. He was in a state of total collapse from the time he tottered to his seat until his disgraced Assistant District Attorney Rand said he had no more questions to ask.

James W. Osborne, who was associated with Washington Brannan as counsel for Hannah Elias, with a smile of satisfaction declared there was nothing he wished to ask the old man; that such testimony as he had given spoke for itself.

**Defeats His Own Case.**  
Mr. Platt had even gone so far as to say he had not thought the negress would expose his relations with her unless she was driven to it; that he was not fearful on that account and had not paid her money to keep her quiet.

"You were afraid of something, weren't you, when you gave her money?" was a direct question from Mr. Rand.

"I didn't think of that at all," was the reply, which deeply surprised those who have been following developments of the case.

When he went so far as to say he was not afraid his family would learn of his relations with the negress the assistant district attorney turned away from him, as Mr. Platt only a few moments ago had sworn to a statement embodying these accusations in the presence of Magistrate O'Connor, Assistant District Attorney Lord, and his own attorney.

## STILL DEPORTING THE POOR MINERS

Landing Them at Coolidge, Kansas, Where There is no Work or Food for Them.

[Special by Scripps-McLae.]  
Cripple Creek, Colo., June 11.—The wholesale deportations of strikers continued today. About two hundred were sent from this and adjacent camps. The raids continued and new prisoners are brought in as soon as others are deported. Gen. Bell says four thousand will be deported before martial law is ended. The coroner's jury continued the inquest before closed doors.

## DOG POISONER AGAIN AT WORK

Mr. Lightizer and Millard Ide Lost Two Valuable Dogs Yesterday Afternoon.

Dog poisoners have been getting in their deadly work on several dogs in the vicinity of Milton avenue within the past few days. Mr. Lightizer and Millard F. Ide's valuable dogs have received doses of strychnine. The authorities have been notified of the facts in the case and are using every effort to locate the guilty parties. Dog poisoning is getting to be too common a thing in Janesville, and an effort will be made to bring the guilty parties before the courts where justice can be meted out for such crimes as these.

## BLOW THE SAFE OF DEFUNCT BANK

Former Janesville Boy Is Receiver of the Arena Bank Which Has Failed.

Ralph Jackson, a former Janesville young man, now practicing law in Madison is the receiver for the banking business of W. H. Jones of Arena. He had the safe blown by a Chicago expert, but found only some old notes and records. It was expected that some cash and many valuable papers were in the safe. Mr. Jones is assuring his creditors that he can effect a settlement, but certificates of deposit are being offered at 50 cents on the dollar with no takers. F. W. Gilbert, district attorney of Dane county, is representing many of the creditors.

## GROOM RIDES ON RAIL, PRISONER OF MAIDENS

Eight Mischievous Girls Capture Young Husband on Wedding Night and Duck Him in the Creek.

Nashville, Ind., June 11.—A peculiar finale concluded the wedding ceremonies of a young couple who were married Thursday night. Rosa Moser and John David, who live a few miles west of this city, are the bride and groom. After the ceremony the young couple entertained a host of young people from the city and neighborhood for hours.

Among them were the bridesmaids, eight pretty but mischievous girls, who resolved to make the night a memorable one by an unheard-of prank. Late in the night, when the guests had all departed, the frolicsome girls returned to the house of the bride and groom. They persuaded the young man to come out in the yard and, seizing him, tied him on a rail, carrying him several blocks away to a creek and dumping him into it. As he scrambled out a desperate conflict took place. The eight girls pounced on him and he handled some of them quite roughly. In the scuffle his right arm was thrown out of joint and a finger broken.

### APPROVES OF CELEBRATION

Is Glad to See That Janesville Has  
Awakened to the Idea of  
Commemorating the Day.

To the Editor.  
I cannot help speaking "right out in meeting" and telling you how glad I am that Janesville is to have a Fourth of July celebration this year. This day should be celebrated if by no other. Janesville is patriotic enough and has enough get-up when some one starts the ball rolling but the same who starts the ball is the hard one to find. However, the Fourth of July ball is rolling nicely now and like a snow ball the celebration gains impetus and size each day. If Janesville does not have a "whopper" of a celebration this year it will not be the fault of the citizens who are at the head of the affair. Janesville is a pretty good town to live in and is usually along towards the front of any procession that starts. It was just the same fifty years ago and it will be the same when another half century has passed.

**Dog License.**  
Now I do not want to appear to be too much of a grumbler but what about that dog license. Has the ordinance passed by the common council been signed by the mayor yet, or is it to rest with other ordinances pigeon-holed in some obscure desk? It is an interesting subject to many in the city and a little light on the matter would be most gratifying. I asked several aldermen about the matter since the last meeting and was told each time it was up to the acting mayor to sign it but that he had not yet done so. What is the matter Mr. Acting Mayor with the ordinance? Is it not a good one and one which should be rigidly enforced? Will it not do away with lots of useless curs who now have no excuse for living? Will it not be a protection for scared horses and young children? Think of that before you veto this law.

**Our Parks.**  
I would like to ask anyone who lives on the streets surrounding our city parks if they have any complaint to make regarding the people who enjoy the beauties of nature provided by the city. I can not find that the people who sit on the grass and benches do any more than enjoy themselves in a quiet orderly manner. Of course an occasional drunken man wanders in and lays down, but he feels so lonely before long he goes off by himself some place and leaves the birds and lovers alone. There is a young family of squirrels in the Court House park that are a source of unlimited amusement to the people to sit there. It is a pity there are not more of them in the city. Even the boys seem to delight in their playing and do not throw stones or annoy them. In the upper end of the same park several rabbits have their nests and they look very pretty as they run about feeding.

**The Five Points.**  
I understand that there is a petition going the rounds asking the council to restrict the action of the other existing and gain gain licenses to saloons across the Five Points. The same necessity exists today that existed then and it is to be hoped that the signers of the petitions will think twice before they allow their names to go to the council on any such a paper as is now being circulated. Keep the saloons down town where they can come under proper police supervision. Do not make the work of our city officers any harder than it is. The council did right when it passed the last ruling on this matter and it is to be hoped they will stick to it. There is no use passing ordinances and making regulations to have them broken as promptly. This same applies to all ordinances passed by the council that are now dead letters through non-enforcement.

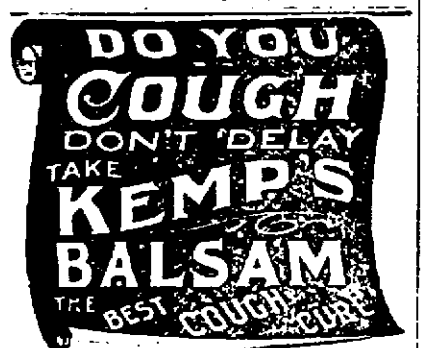

During the past week we have entertained two large societies. The Mystic Workers of the World and the Southern Wisconsin Dental Association. Both associations expressed themselves as well pleased with the entertainment received. Such things as this help to advertise the city as much as anything that be done. In Milwaukee a business Men's Association has a secretary who keeps track of all the big and small gatherings and seeks to induce them to come to the Cream City for their annual gatherings. Many have come and the merchants state that this has done more to make Milwaukee known to the country at large than anything else.

## VETERAN CIRCUS MAN IN THE CITY

Col. George Hall of Evansville, Pays  
Janesville a Visit—Fifty Years  
on the Road.

Col. George W. Hall, known throughout the length and breadth of the states, in Mexico, and in the West Indies as "Pop Corn George," came in from Evansville to attend to some business this morning and was soon in the midst of a group of men ex-

changing reminiscences of old time circus days. It is fifty-five years since Mr. Hall started out with the Seth Howe circus and he has been actively engaged in the business until very recently. His wife and daughter, Mabel, are with the Hargreaves' circus, which shows in Buffalo next Monday. Mrs. Hall is with the trained lions and leopards and the daughter manages the big six ton elephant "Columbus" which is owned by her father.

Mr. Hall owns interests in several other shows but is no longer buying and training animals. On a portion of the 600 acres of land he owns in Rock county he is raising corn, tobacco, oats, and buckwheat, besides running three dairies. Many stirring adventures have fallen to his lot during his tours with over two score of circuses extending over every state in the Union, Mexico, the West Indies, and several of the European countries. Once he figured prominently in a race war at Wildwood, Florida, and with his men held the town until the arrival of the troops sent by Gov. Mitchell. On another occasion he was reported lost with the other passengers in a ship supposed to have foundered off the coast of Florida, but the ship weathered the terrible storm and arrived at one of the Bahamas seventeen days late. Father, wife, mother, and brothers of the Orens with whom he was in partnership for a time were lost in the Mt. Pelee disaster on the island of Martinique. Besides the show above mentioned Mr. Hall owns the feature Balloons and the performing animals which were exhibited at Salt Lake City with Flotter Bros. shows on the eighth.

It was at a barbaque at Manchester, Massachusetts, that Mr. Hall as a boy, playing his trade as a popcorn vender, attracted the attention of Horace Greeley. The latter went back to New York and wrote him up, at the same time suggesting that the business, unheard of in Gotham then, would prove a profitable one. As a boy Mr. Hall went to Italy to see the city and went to Gregory's office to borrow \$10 of him to start in business. He did not find him in but negotiated the loan from Solon Robinson, the agricultural editor from Indiana, and set up in business at 109 John street. He worked there five years and then joined Dick Sand's show.

In Col. Hall's opinion the Ringling Brothers' circus is by far the greatest now on the road—and he is a vigorous champion of the Baraboo men in the war that is on at present between them and the Barnum show. In the east he says that the Barnum people through the newspapers dubbed the Ringlings "bagpipers from Wisconsin" and that the latter replied by acknowledging that, that though they were from the farm, but incidentally had with them the greatest circus ever assembled. "And they showed the people that they had," says the Colonel with enthusiasm. "The other day the Barnum people covered up the Ringling show bills at Evansville and I appolated myself a committee of one to notify the Ringlings at Ottawa, Canada, where they were then playing. Jim Bailey has absorbed the Sells and the Forepaugh circuses but he will never get the Ringlings."

## LITTLE ONES ARE BUDDING AUTHORS

Clever Little Papers Read by Mem-  
bers of a Small Band of  
Mercy.

At a meeting of the Mildred Band of Mercy of the Washington school the following little papers on and made written by Maud Skinner aged 15, and Francis Flerty aged eight and half years, were read. They are printed to show the manner of work these little lots are doing in the work of caring for and learning about dumb animals.

**A Story of a Toad and Frog.**  
(By Maud Skinner, Aged 15).  
A toad is a very useful creature. I have watched some in my school room. The one that is going to be a toad, had some very small dots on its back, and now it has big black dots on its back. The one that is going to be a frog has a dark skin.

Their eyes have a very queer piece of something over them, so that the water won't get in them. They had some gills which look like a lump of fat under their mouth and now they have lungs. They live in the water. The farmers say that they are very useful creatures. When the bugs and things get after the corn, the toads will eat them. They have their tongues stuck in the front part of their mouths.

They have something sticky on their tongues, so that they can catch insects. They will catch hornets, and worms and eat them right down. A toad has warts on its back, and a frog has a smooth moist skin.

We must be kind to frogs and toads because as I told you before, they eat all the insects, worms, and hornets and everything, so that the farmers cannot spoil the farmers' crops. Some people keep toads for their pets. After a while when the old skin isn't good any more, they have a new suit. There comes a crack or a slit in their back, and they take pieces off at a time. They take their front legs, and take the skin off of the back legs, and then they take their mouths to get the skin off of the front legs.

**The Making of a Toad.**  
(Frank Flaherty, Aged 8 1/2).  
One day as I was walking past a pond, I saw a jelly-like mass that looked like glass with little black spots inside of it. It was a chain wound about a water plant. They were eggs and were called frog-spawn. I got a glass globe and put them in it.

After a while the eggs got oblong in a little while they split in half. A little thing that looked like a fish came out. It was about an inch long and was called a tadpole or polliwog. It became larger every day until it was about two inches long. Then it got holes in the lower part of its body near the tail. Then legs came through the holes, and the same thing happened later to the front part of its body. They had gills.

The difference between a frog tadpole and a toad tadpole is that the frog is light and the toad dark. Then the tail gets smaller until it has no tail at all. The toad does great good to our gardens, eating the worms. The toad likes cool moist places.

When the toad's skin gets tight it splits in half. It then takes its front legs, to pull on the back ones, and the skin of the back legs came off. Then it takes its mouth and pulls off the skin of the front legs. It is said, that they eat the old skin. In winter they live in holes.

## TRACK MEET OF BLIND STUDENTS

WAS HELD ON INSTITUTE FIELD  
YESTERDAY.

### CHESTER PARISH THE BEST

Won 31 Points in the Events Out-  
standing Nearest Competitor—  
Fine Work in Dashes.

Chester Parish outdistanced all of his competitors for points in the field meet of the State School for the Blind yesterday afternoon. His total was 31. Vigo Bishop ranked second with 15, and Charles Smith, third, with 14 1/2. The other point winners were: Lawrence Mesmer, 6 1/2; Otto Bauer, 6 1/2; Laddie Gonia, 5; Frank Tappan, 4; Charles Adams, 2; Herbert Davies, 1; Will Quade, 1.

### Features of Meet.

The officials had neglected to provide themselves with stop watches, so accurate time could not be recorded on the runs and dashes. Lawrence Mesmer ran beautifully in the three quarters relay and showed himself in good form in several of the other events, and excelled in the jumps, the weight events, and the discus throw. In the boys' events little Tyskowsky who is totally blind ran in beautiful form in the 25 yard dash.

### Young Men's Events.

Three-Quarters Mile Relay Race—Mesmer, Bauer, and Schmidt, first; Bishop, Parish, and Adams, second; Tappan, Gonia, and Flaherty, third; Schmidt, second; Mesmer, third; distance 25 feet 6 inches.

Thirty-Five Yard Dash—Gonia, first; Bishop, second; Bauer, third; Standing Broad Jump—Parish, first; Schmidt, second; Davies, third. Distance, 9 feet 1 1/2 inches.

Shot Put—Parish, first; Schmidt, second; Mesmer, third. Distance 36 feet 11 inches.

Running Broad Jump—Parish, first; Bishop, second; Adams, third. Distance 16 feet 11 inches.

Discus Throw—Parish, first; Mesmer, second; Bauer, third. Distance 77 feet 6 inches.

Running High Jump—Parish, first; Bishop, second. Distance 4 feet 9 inches.

440 Yard Dash—Bishop, first; Bauer, second.

Standing High Jump—Schmidt and Tappan, tied for first; Quate, third. Distance 3 feet 5 inches.

### Boys' Department.

Running Broad Jump—Farlow, first; Marshall, second. Distance 10 feet 7 inches.

Standing Broad Jump—Hessenaue, first; Elbert and Klenbell tied for second. Distance 7 feet 7 1/2 inches.

Thirty-Five Yard Dash—Tyskowsky, first; Hessenaue, second; Klingbell, third.

## MAKING CHANGES IN CREW MAKE-UP

Coach O'Dea Does Not Allow for  
Any Chances and Puts Fresh-  
men in Varsity Boat.

Madison—Ben. Davis, No. 6, on the freshman eight, has been transferred to seat 4 in the varsity boat, displacing Denn, who has been rowing in that position for a week past. Coach O'Dea has not been satisfied with the way the bow combination is working and so the change did not come as a surprise, but the choosing of a freshman for the position was entirely unexpected.

Davis is the strongest man in the freshman boat and in the first trial last night made a good showing, although his blade and outboard work was crude. There is a strong possibility that he will retain his seat in the senior shell.

All efforts to send the freshman crew east were nullified last evening by Hertz, No. 7 in the freshman boat, leaving for Hertz. His position cannot well be filled, as all the substitutes have gone home and his absence would materially weaken the boat, so the freshmen will not be sent east, even though it is possible to raise sufficient money. This is a disappointment, as the youngsters have been developing rapidly during the past two weeks.

The four oared shell that was damaged by the express company will be repaired sufficiently by Monday to enable the crews to use it, although it is so badly damaged that its utility as a racing machine is greatly impaired. Dean, Reid, Bodenbach, Chrisman, and Johnson are most likely candidates for seats in the four which has been placed on the same footing as the varsity by giving the men who take the boat the official athletic letter.

## A KITCHEN SHOWER FOR M. P. JUSTINGER LAST NIGHT

Several of His Friends Assembled at the Home of Mr. and Mrs. Bert Gage to Honor Benedict.

Several friends of M. P. Justinger, ticket agent at the St. Paul passenger station, assembled at the home of Mr. and Mrs. Bert Gage on North Bluff street, where a kitchen shower was perpetrated on the prospective groom. The guests were entertained at a delicious supper at 6 o'clock, after which the evening was spent in toasts and speeches appropriate to the occasion. Mr. Justinger was the recipient of many ornamental and useful kitchen utensils, as the result of last evening's shower. The shower was in honor of Mr. Justinger's approaching marriage to Miss Kathryn O'Rourke of Milwaukee, June 22.

### A Grand Paper.

The Janesville Daily Gazette of May 31, shows a remarkable enterprise in publishing. A Beet Sugar edition that will compare favorably with any metropolitan special. It contains 32 pages devoted almost exclusively to the beet sugar industry that has lately been introduced into Rock county, and centered at Janesville, where a million dollar plant is being erected. Janesville is one of the most progressive cities in the state, and the Gazette is a leading factor in its prosperity.—Delavan Republican.

## WON SUIT AGAINST AN INSURANCE CO.

Supreme Court Found for J. M.  
Bostwick in His Action to Re-  
cover Premium Money.

Joseph M. Bostwick of Janesville won a complete victory in his litigation with the Mutual Life Insurance company of New York, by a decision rendered by the supreme court at Madison yesterday. Mr. Bostwick brought action to recover from the company the sum of \$285 and interest at 6 per cent from October 6, 1897, the money having then been paid to an agent of the company for a particular policy. This policy was not like the one for which the money was paid and unlike the representations made to Mr. Bostwick in a letter regarding the policy. The insurance company resisted payment, alleging that Mr. Bostwick had failed to read the policy, was therefore negligent and ought not to be given the judgment he asked. The case was tried and a judgment of \$1,488.22 secured against the company. The company appealed to the supreme court and the judgment of the circuit court was affirmed. The supreme court held that Mr. Bostwick had not been negligent and in not reading all the voluminous printing on the policy, he did just what men of ordinary business care do in the same or similar circumstances. The court held that he had the right to rely upon the representations contained in the letter regarding the policy.

## DECISION THAT INTERESTS MANY

Supreme Court Holds That Credits  
May Be Taxed—Knocks Out Con-  
tention of State Commission.

The following decision of the state supreme court holding that credits may be taxed will interest many Janesville people. The decision is as follows:

Taxation of credits is not legally double taxation, according to a decision of the Wisconsin supreme court, handed down yesterday. It is a blow to the contention of the state tax commission, which advocates abolishing the taxation of mortgages and other credits, which it asserts are simply a "fiction of property." The supreme court says they are property. The case was W. G. Kingsley against the city of Merrill, to recover \$274 taxes on \$10,000 in notes and mortgages.

The court decided that Douglas county cannot tax the railroad elevators in the city of Superior, because such buildings are necessary for the operation of railroads and as such must be taxed by the state the same as all other railroad property.

## WILL PASS DOWN THE ROCK RIVER

Bold Voyagers Are To Follow the  
Course of the Early Cour-  
ler de Bois.

Some where between Janesville and Madison there is a sturdy band of adventurers who are making their way by water from the Capital City of Wisconsin to the great Mound City of Missouri. They will pass through Janesville on their trip as their course will be through the placid Rock to the great Father of Waters, the Mississippi, at Rock Island. The trip will not be filled with hair brendth escapes and the voyagers will not have to sit up nights on guard against any worse foe than the wily and seductive mosquito. Unlike the ancient French courier-d'bois they will not be away from their base of supplies for weeks and months, but can stop and take tea or breakfast with farmers along the way. The worst enemy they will encounter is the wire fence and the next great obstacle, the dams which have bridled the Rock from end to end. The party will travel in small boats and camp beside the stream during their trip. It will be great luck and the voyagers will have plenty of fun to talk about for the next six months. Once upon a time the Rock was one of the sources of travel of the early settlers. Those who have read the Mississippi Bubble can almost picture the country around Janesville as the scene of the capture of John Jay by the fierce Iroquois, after months of comfort in the village of the Illinois Indians. The party which left Madison yesterday consists principally of college students with one or two pedagogues to give tone to the gathering.

## AMONG THE WORLD'S WORKERS

News Notes From Various Sources of  
Great Interest to the Workingman.

San Francisco, Cal., Master Horse-shoers' Association has thrown down the gauntlet to the journeymen, however, claim to have the situation well in hand and seem to think the fight against the union stamp will be of short duration.

The London (England) Automobile Club is organizing a parade of motor delivery vans. The idea of the parade is on the lines of the May day parades for horses, to encourage drivers to give the vehicles careful attention, with a view to increasing their efficiency and minimizing the cost of keeping. A sum of \$205 will be given in prizes to the drivers of the best kept vehicles.

Eighteen hat factories in Danbury, Bethel and New Milford, Conn., operated by members of the Hat Manufacturers' Association suspended work pending the settlement by arbitration of several differences relating to the operation of the factories. It is expected that the disputes will be speedily adjusted.

Theodore Schaffer was re-elected president of the Amalgamated Association of Iron, Steel and Tin Workers at the annual convention.

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.  
It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## LAST ACT IN THE SCHOOL YEAR

ALUMNI BANQUET HELD LAST EVENING.

MANY PARTICIPATED IN SAME

A Number of Members From Very Early Classes Present at the Meeting.

Old people, middle-aged people, young people, all graduates of the Janesville high school, some who studied in the old high school of the hill but more of the later classes, were at the alumni banquet of the high school last night. Mrs. Parker of the class of '58, the first ever to graduate, was among those present. She has the honor of being the oldest living member of the alumni and residing in California. Last year's graduating class was represented by but six alumni but the redeeming feature of it all was the large attendance of the class of 1902, who were there nearly thirty strong. In all there were about two hundred who sat down to the banquet.

**Formed in Classes**  
The alumni formed according to classes in the assembly room on the second floor and when it was announced both the class of '58 and '63 were represented it brought applause from all those in attendance. The classes between '70 and '85 were not as well represented as the earlier ones. The classes formed lines on either side of the stairs leading into the auditorium between which the class of 1901 marched and were greeted with applause.

**Delightful Feast**  
The feast was served by the ladies of the Eastern Star on tables graced with the red and white carnations of 1904. The graduating class held the place of honor in the center of the floor. The following was the menu.

New potatoes with cream dressing  
Veal loaf  
Sandwiches  
Olives  
Ice cream  
Salted peanuts  
Postprandial

After the inner man was satisfied the mental man was catered to with a series of valedictory speeches and musical selections inaugurated by President W. H. Dougherty of the class of '99.

After the overtures played by the high school orchestra W. H. Dougherty welcomed the class of 1901 to the ranks of the alumni with an easy and dignified manner.

Charles Starr Atwood, president of the class of 1901, responded with a few well chosen words voicing the appreciation of the class for the banquet and the delight with which they entered the alumni though it was with pain they left the school.

**Music**  
The high school double quartette sang "There, Little Girl, Don't Cry" and responded to the applause with "Little Boy Blue" which was handed in an excellent manner though a very difficult piece.

Professor H. C. Buell had for his topic "The Harvest" and during his speech compared the life of the scholars to the life of the wheat; first is the cradling process, then the thrashing time and finally the class at graduation like the wheat at the time it is in the mill becomes the flower (flour) of the family.

Illustrated and interspersed with humorous stories and incidents was the toast of W. S. Jeffris on "The Power."

Mr. Douglas Halverson, who needs no introduction as a violin soloist, rendered a beautiful selection of sweet strains on the violin and was compelled to play again by the long and well-merited applause.

**Mr. Douglas**  
Attorney A. S. Douglass of Broadhead with smiling face and flowing gray locks spoke on "Impressions of the Way." It being forty-one years from the time of his graduation, he told how he like many others at the time of graduation thought he was "it," but he had been impressed by the events of life that school was only the beginning of study. He also explained why in '61 and '65 there were no classes and the reason for the deficiency in numbers of those classes of '62, '63 and '64, the reason being the war. He recalled the days when the principal of the school formed a company in which Clarence Jackman, S. C. Burnham and himself enlisted.

Elizabeth Gravin of the class of '02 spoke in a bright and sparkling manner on "The Burden." The toast was full of play on the words and on the subject. She was repeatedly interrupted by the laughter and applause that some hit of her toast brought forth.

**Theory of It All**  
After the orchestra had again played an overture Ralph Buell, '97, of Geneva City, spoke on "The Theory of It All." He said he had a theory of it all. He said he had a theory of it all. He said he had a theory of it all.

Miss Eliza Stoddard, '95, spoke on "The Compensation." She told in humorous way the compensation that one received for study if one became a teacher. Among those things was the compensation of being unmarried. After the class of '01 sang the song and gave the class yell the class of '02, the best represented, gave their yell and the crowd broke up yelling the high school yell:

Rah! Rah! Rah!  
Zip! Boom! Bah!  
Klup! Klup! Klup! Kazon!  
Johnny get your razzoo!  
Janesville high school!  
Rah! Rah! Rah!

**Second Run:** Tonight at 7:30 will be held the 2nd cross country run of the Y. M. C. A. which will be over a course through the country south of the city. Ten or twelve men will enter this run. These runs are proving interesting and enjoyable, being open to the general membership.

## ROCK COUNTY BOY CREATES MYSTERY

Is in the United States Army—His Mother Receives Strange Message.

Parker Townsend of Milton, who enlisted last January in the United States cavalry and has been stationed at Fort Sam Houston, Tex., was fatally injured Wednesday at Lincoln, Tex., according to a telegram received by his mother. "Foul play is suspected" is the only detail given. A second telegram states that his recovery is possible. His mother, Mrs. M. G. Townsend, formerly of Holgate, O., is well known throughout the state, having been state evangelist of the Women's Christian Temperance union.

**To Build Flats:** A. C. Kent will build an apartment house on the North Bluff street property formerly owned by Miss Cornelia Brown which he has purchased in that locality.

**Some Uncertainty:** Barnum's circus has posted its date at Rockford that of August 5. It is supposed that the show will exhibit in Janesville during the first week of that month, though nothing definite is known.

**On Special Car:** Several of the young men of Janesville are planning to organize a party of twenty and charter a special car for the trip to Yankton, South Dakota, on the occasion of the opening of the Rosebud agency lands.

**Automobile Party:** An automobile party consisting of Mr. and Mrs. E. A. Gowran of Portage, Mrs. Curtis of Madison, and Rudolph Hokanson of Milwaukee arrived in the city this noon.

**Meet Tonight:** The members of the Nona Such Brothers' circus parade committee are requested to meet in the business office of the Gazette this evening. Geo. M. McKee, Chairman.

## SCHOOL WORK IN DISTRICT IS OVER

NELL ROBERTY OF CENTER, WON THE SCHOLARSHIP.

HIGHEST OF NINETY-SEVEN

Her Average Was Over 91—General Exercises Close Many Schools.

The result of the diploma examination in the first superintendent district of Rock county was made public yesterday. There were 97 pupils who took the whole or part of the examination. Twenty-two were successful in receiving diplomas. The names of the successful ones are found below. The ten highest are found first in the list and rank in the order named.

Miss Nell Roberty, Center, having obtained the highest average in the examination is entitled to a \$100 scholarship at Grafton hall at Fond du Lac, Wis., for the school year. This scholarship is donated by the above named school to the pupil obtaining the highest average. Miss Roberty's average was 91.20 per cent. Miss Verna Davis ranked second in the examination with an average of 90.4 per cent. In the event of Miss Roberty's failure to use the scholarship it goes to Miss Davis under the conditions prescribed by Grafton hall.

The fact that a scholarship yet to be given to the pupil obtaining the highest average was not made known until after the examination had been held, owing to the fact that Grafton hall had not notified its intention of giving the scholarship in time to announce it before.

**Held the Same Day**  
The examination was held at seven different places in the county upon the same day, at which examinations all the pupils who wished to were allowed to write. The papers were then sent to an examining committee composed of Prin. W. A. Clark of Edgerton, Miss Eliza Stoddard of this city and Miss Iva Snyder of Center by whom they were marked. The examining committee had no means of knowing who wrote the papers as only the number of the pupil appeared on each paper. Returns were then made to the county superintendent who awarded the diplomas to those who were entitled to them.

**Closed School Year**  
Yesterday afternoon at Center Grove districts number 1 and 2, Center, and the Footville graded school joined in a celebration of the close of a successful school year. After dinner a joint program was given by the three schools, after which diplomas were awarded to the following pupils from these schools: Nell Roberty, Verna Davis, Raymond Snyder, Hulda Glesing, Cora Risher, Florence Poynter, James Roberty, Henry Gardner. The crowd present numbered about 500. Those who received diplomas in the first superintendent district of Rock county are: Nell Roberty, Verna Davis, Nina Lewis, Belva Wee, Eva Donnell, Burnett Snyder, Laura Dowling, Raymond Snyder, Irvin Simie, Myrtle Grunwald, Arley Hapel, Mary Johnson, Paul Chase, Henry Gardner, James Roberty, Hulda Glesing, Mary Evans, Cora Fisher, Florence Poynter, Inez Murray, Nellie Dawson, John Dawson, Ira Austin, Nettie Thompson, Elsie Haggan and Clarence Horky.

**Messages Sent in Novel Manner**  
Barb Wire Fences Successfully Used in Transmitting Love Messages.

If you happen to be sitting on the top wire of a barb wire fence some of these nice warm days and feel an electric shock passing through your body do not lay it to the sharp points of the barb wire but turn your attention to the nearest telephone and see if some one is not trying to send a sweet soft message over the line by using the top wire on have been sitting upon as the conductor. Such a thing is possible. A dispatch from Wausaukee states that a novel but successful telephone system is in operation between Wausaukee and some of the neighboring towns, the top strand of the barbed wire fence along the right of way of the Milwaukee road being used. The new system was put to a test yesterday when the exchange is connected with a farm house two miles away. Telephones have been placed in a number of farm houses and the arrangement works successfully, proving a great convenience to the farmers, as it gives them connection with over seventy phones. The originator of the idea is A. W. Larson, the manager of the Wausaukee exchange.

**Would Extend to the Far North**  
W. S. Cargill is interested in seeing the Illinois Central Go Through La Crosse.

W. S. Cargill of La Crosse who is a brother of Mrs. George Barker of this city and father-in-law of Fred Hanchett is behind a project to extend the Illinois Central railway from Madison north to St. Paul by way of La Crosse. At a preliminary state of Mr. Cargill secured the passage of an ordinance for a railroad known as the La Crosse and Southeastern railroad, through the La Crosse common council. He states that there is a plan to have the Illinois Central use this road from La Crosse to St. Paul. Mr. Cargill is a millionaire and has large grain interests in the territory to be touched by the proposed road.

**\$200.00 Reward**  
For information that will lead to the arrest and conviction of the party or parties who entered a residence in December, 1903, E. S. Williams.

J. G. Ball of Chicago, an electrical engineer representing the Edison Co., called on the trade today.

## SOCIETY.

On Tuesday evening next the famous senior party of the graduating class of the high school will be held at Central hall. Each year it has been the custom of the graduating class to give a swell dance to end their school year and from present outlook the class of 1904 intend to leave no stone unturned to make their party one long to be remembered.

The invitation committee composed of Clarence Van Heynum, Roger Wiggins and Frank Hitchcock have issued four hundred invitations to people residing in Janesville, Rockford, Beloit, Edgerton, Evansville and Footville and it is expected that fully two hundred couples will enjoy the music of Leaver's orchestra of Broadhead on Tuesday night next.

The music and floor committee consisting of George Scarcell, Roger Wiggins and Harold Myers have been selected by Starr Atwood, the president of the class to arrange for the music and care for the floor. They have engaged Leaver's orchestra of seven pieces from Broadhead. The arrangement committee assisted by the entire class will decorate the hall in which the class colors, red and white, will be the color scheme principally.

**Dandelion** who is the latest fad of the epicures of Janesville's smart set. Weeks ago when the lawns were covered with the golden blossoms they were harvested and put in the press. To the liquor distilled therefrom was added a certain quantity of yeast to help along the fermentation process. The "vintage" is just getting "ripe" at this time and is supplanting the afternoon tea. Besides its various medicinal and curative properties the concoction is said to be a complexion beautifier. It also produces a certain feeling of exhilaration. "It made me feel so foolish," said one young matron speaking of her experience with the "bottled dandelion," "and it is awfully bitter."

Francis Roets, an instructor at the State School for the blind, and Miss Elizabeth Pyre of Madison, a sister of Walton Pyre who appeared here with his theatrical company a short time ago, will be married at eight o'clock Wednesday morning next. Mr. Roets will not return to Janesville next year. His business plans for the future are unsettled. Mr. Brooks of the Blind Institute and several other members of the faculty expect to attend the ceremony.

Several small picnic parties avoided themselves of the ideal weather yesterday to visit the golf links and other neighboring resorts. At the former place Steward Loucks was kept busy at the dinner hour. Mr. and Mrs. H. L. McNamara entertained a few friends at a luncheon and dance given in honor of their guest, Miss Hatch of Evanston.

The marriage of Peter D. Champlin and Miss Mamie H. Lyons of this city will be solemnized at St. Patrick's church next Tuesday morning. William Scott will be the groomsmen and Miss Agnes Maiden, the bridesmaid. Both the bride and groom-to-be are well and favorably known in the city.

Mr. and Mrs. H. D. Murdock and Mr. and Mrs. Fred Howe have returned from St. Louis where several days were devoted to sight-seeing at the exposition. They were delighted with their trip and advise all who are intending to visit the fair to set apart at least a week for the purpose.

Mr. and Mrs. T. O. Howe and daughter Hazel, Dr. and Mrs. W. H. Judd and son, and Mr. and Mrs. H. S. Johnson leave Sunday morning for a week's visit at the St. Louis exposition.

Miss Abbie Atwood will leave the first of next week for Gulf Port, Miss. where she will spend the summer with Mr. and Mrs. (formerly Nettie Kent of this city) Hofreiter.

Mrs. J. I. James, a sister, and Mr. and Mrs. Harry Meally of Marion, Iowa, are visiting at the home of Mrs. J. H. Huntress.

Miss Lucy Fox and Miss Grace Winterroth will spend the summer with Miss Winterroth's parents in Rochester, New York.

Miss Lydia Pascoe returned yesterday from a five weeks' visit with friends in St. Louis.

Miss Charlotte Pritchard of Lyons, Iowa, is the guest of her mother, Mrs. Amos P. Pritchard.

Mrs. E. J. Samuels and daughter, Marguerite, returned to their home in Darlington this morning.

Miss Mae Humphrey is visiting friends in Chicago today.

Mr. Lou Conger is spending Sunday with friends in Milwaukee.

## WILL DEDICATE CHURCH SUNDAY

ST. PETER'S LUTHERAN CHURCH FIRMLY ESTABLISHED.

SPECIAL SERVICES ARRANGED

Take Possession of the Old First Methodist Church Property—Structure Built Fifty Years.

Tomorrow, Sunday, St. Peter's English Lutheran church will formally dedicate their new church property at the corner of Jackson and Center streets. The special services arranged for the formal rededication of this church will be very elaborate and many of the leading divines and leaders in the English Lutheran church will be present for the event. Rev. J. C. Kuntzmann, D. D., superintendent of the board of missions of the General Council, will preach the dedicatory sermon, and he will be assisted by Rev. A. C. Anda, the western field secretary, and also by the new pastor, Rev. W. P. Christy.

**An Old Edifice**  
The new home of the St. Peter's congregation was built fifty-one years ago and for fifty years of existence was the place of worship of the First Methodist Episcopal society of Janesville. It is one of the historic churches of the city. It was recently sold to the English Lutheran church for fifty-five hundred dollars, the two Methodist churches combining into the Central Methodist church and used, having no further use for the old structure. The building was first dedicated for divine worship in 1853.

**Great Rejoicing**  
The dedication of the church is an occasion of great rejoicing for the young and vigorous congregation, the product of a little more than a year's growth, and it should be of no less interest to the community which it represents or indirectly is always benefited by such an institution. The work of organizing and establishing St. Peter's church has been due to the zeal of Rev. A. C. Anda, the field secretary of the church. Rev. W. P. Christy, who comes as the first minister, has served as student pastor of the church during the major part of the past year.

**Invite All**  
The congregation and pastor extend a welcome to all to be present at this and all other services. On this occasion Mrs. Wm. Schnackel will sing. The service in the evening will be conducted by the pastor.

Chicago Tribune: O, that some magazine called "Failure" could be started for the purpose of presenting to the youth of America the stories of the men who, by leaving their work downtown, by taking such fads as botany or music outside their work, by not spending their evenings over their accounts, and by not making every movement of their mind a brick in the structure of their career, lost all chances of making more than an honest competence, resigned the glory of plundering their contemporaries, and saved out of the wreck only sustenance and an unemasculated soul! A business community that emerged a little bit more from business into the rest of life would be a most valuable asset to Chicago. Got lazy?

## SHOULD PATRONIZE HOME INDUSTRIES

A Union Man Gives His Views on Patronizing Outside Factories.

Are union made goods popular with the people in Janesville? Are the wearers of ladies' fine shoes doing justice to a home industry? The house of F. M. Marzluff company has more than 100 employees and is what is termed a stamp factory, making a line of ladies' fine shoes, strictly up-to-date, which are sold in the largest cities and to the best retail trade. Their prices are no higher than on other goods of the same quality. The shoe making is certainly as good as the best, and there must be merit in the goods, for the factory of F. M. Marzluff company is increasing its business daily. The above being facts, it would seem to me as a member of a labor organization, that union men and their families and friends are not buying union stamped goods in Janesville, because there are no union stamped goods sold in Janesville to speak of. People who have no sympathy for the union but who should be in favor of a home product, are now buying goods of F. M. Marzluff, thereby patronizing outside concerns, who do nothing practically in the interest of Janesville. All things being equal, if our home products are as good as any other, as stylish and as perfect fitting, then it would seem to the writer that our home products should be favored by the people of the city of Janesville and vicinity.

F. M. Marzluff Co. are paying to the people who live in Janesville, something like \$55,000 annually. This money goes to our merchants. Every body gets some of it, and while a person might not get much, yet in the aggregate it all stays at home. Suppose that the employees of the Marzluff factory were to buy all their commodities outside of Janesville and spend portions of this \$55,000 in that way, thereby reducing the sales of the Janesville merchants to the extent of purchasing elsewhere, would it be right? Of course not. Would it not be unfair? Of course it would. It is not right for the union people in Janesville to buy goods that are not made in stamp shops, nor is it fair for our people to buy stamped shoes made out of town, if they can buy home products, equally as good, if not better, at the same price. It seems to the writer that the employees of the F. M. Marzluff Co.'s factory are getting poor treatment at the hands of people they call neighbors. It would seem to me that from a strictly business standpoint, we are obliged to recognize a home product, other things being equal.

## NO ACTION WILL BE TAKEN AS YET

Political Situation Still Remains Quiet—Both Sides Working Hard.

The conservative element of the Wisconsin republican party will make no attempt to get into the courts until after the national convention and late in the summer. The supreme court has adjourned for the summer vacation and the opportunity to ask the court to assume jurisdiction in the great political dispute between Governor La Follette and Senator Spooner has passed for the time being. Gilbert E. Roe of New York, former law partner of Gov. La Follette, is at work preparing his argument in the governor's behalf to be made before the national committee on the contest for the seats of delegates at large. John M. Olin, attorney for the anti-administration faction, is also working hard on the contest being brought for the seats by Senators Spooner and Quarles. Congressman J. W. Babcock and Judge Emil Baensch. It is expected that the Wisconsin contest will be taken up earlier than others, out of the alphabetical order, because of the greater importance of the contest. Both sides appear confident of winning out before the national committee.

The first is the most crucial time. If for the first time the greatest event in your married lives is about to occur, how expectant, how wrapt up in it you find yourselves.

You try to overlook, but in vain, that element of uncertainty and danger that you have been led to expect from the experience of those mothers and fathers who have struggled through this ordeal in ignorance of

**Mother's Friend**

what it is, and what it does.

If at this time every expectant man and wife must know of this greatest of boons, devised for the express purpose of alleviating and dispelling the suffering and consequent danger of child-birth, how quickly would all doubt and worry be dissipated.

Mother's Friend is an invaluable liniment for external massage, through whose potent agency countless mothers have been enabled to experience the joy of parturition for the first time without danger to themselves or their off-spring.

## THE INSIDE INN AT ST. LOUIS.

An Ideal Place for Visitors Right Inside the Grounds—No Tiresome Journeys to or From the City—No Crowding—No Discomfort—Time and Money Saved.

No matter who you are or what you are; no matter if your purse be slender or otherwise, if you wish to see the World's Fair at St. Louis and enjoy every moment of your time, the best place to stay is The Inside Inn.

The building of this splendid hotel has marked a new departure in world's fair accommodations, it being the first time that the administration of any exposition has taken the question of lodging and creature comforts of its visitors under its personal supervision. This the World's Fair management has done. The Inside Inn has been built with the same lavish hand that has marked all other constructions at St. Louis. It is three stories high, 400 feet wide, 800 feet long, contains 2,257 bedrooms and can seat 2,500 people in its dining-room at one sitting.

Every modern convenience obtainable has been installed and the comforts thus afforded enable visitors to enjoy the sights of the Exposition whenever they please and then go to their rooms for a rest without a long, tiresome journey to and from their lodgings. A great saving in time and money is consequently effected, as sight-seeing can be begun directly after breakfast and continued late in the night without any exhausting run for the "last car." No admission fee other than the first is required from those guests who remain within the precincts of the Fair at The Inside Inn.

The Inside Inn is run on both the European and American plans and the rates are exceedingly moderate, ranging from \$1.50 to \$5.50 European, and from \$2.00 to \$7.00 American, including daily admission in both cases.

The enormous capacity of The Inside Inn assures first-class accommodations for all—no matter when or in what numbers they come—but those who prefer to secure their rooms in advance may make reservations now for any period up to December 1st. A post card addressed to The Inside Inn, Administration Bldg., World's Fair Grounds, St. Louis, will bring you an interesting booklet, giving full details and plans.

Don't take this course. Follow the advice of a Janesville citizen.

Mr. Samuel Griffin of 203 Locust St. journeyman carpenter says: "I had a severe attack of la grippe and as a result weakness of the kidneys set in. The secretions from those organs were greatly disordered, annoyed me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years and give all credit to Doan's Kidney Pills for bringing about the result."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

## F. M. MARZLUFF CO.

### No Profit from Maker to Wearer

This sounds queer but it is a fact just the same, and people who have been here since our ad. appeared do certify to this fact when they say they have never bought pretty shoes so cheap. These 2000 pairs are not going to last long at the rate we are selling them. We do not know what to add to what we have said before. When we said, strictly up-to-date, natty goods, at factory cost, we struck the bottom of prices and we try to emphasize that we were not making money. Consequently you must be the gainer.

### Do not forget these prices:

**A \$3.50 Shoe \$2.50**  
for - - - -

**\$4.00 and \$5.00 \$3.00 and \$3.50**  
Shoes for - - - -

Now get this into your head as being a fact. We have come to the conclusion to wait on trade every afternoon and Monday and Saturday evenings between 7 and 9 o'clock, till these 2000 pairs are sold.
